The purpose of the Congress is twofold:

- to organize a high quality Congress which proposes an in-depth reflection on the art of contemporary Mosaic and its evolution throughout the world.
- to show the works of artists who use language of the Mosaic.

For the success of this Congress, **Mosaïque Magazine** collaborates with associations and french institutions specialized in the promotion of the art of Contemporary Mosaic or ready to invest in it, specially: **M comme Mosaïque** in Paray-le-Monial and **Solosary** in Vienne.
